SUMMARY

Marketing professional with 4+ years in campaign operations, lifecycle marketing, and audience communications across nonprofit and education. MS in Marketing (STEM-designated) with a Mathematics degree, applied through hands-on analytics work in Python, SQL, GA4, and Tableau. Focused on roles at the intersection of campaign strategy and data — where execution experience meets analytical thinking.

SKILLS & TOOLS

Analytics & Reporting: Python, SQL, GA4, Tableau, Advanced Excel, A/B Testing, Streamlit
Campaign & Lifecycle: Lifecycle email strategy, campaign planning, creative briefing, segmentation, funnel analysis
CRM & Platforms: Salesforce CRM, Mailchimp, Hootsuite, Meta Business Suite, Airtable, Asana
Content & Creative: Adobe Creative Suite, Canva, copywriting, brand alignment, cross-channel coordination
Certifications: Google Analytics 4 Certified | Salesforce Certified Administrator

PROFESSIONAL EXPERIENCE

The Brickers Foundation (Nonprofit) | Marketing & Brand Strategist | Sep 2025 – Present

- **Creative Strategy:** Authored multi-campaign creative briefs defining audience, KPIs, messaging, and deliverables, coordinating between copywriting, graphics, and leadership.
- **Lifecycle Email:** Built a 6-month email program in Mailchimp from scratch: welcome series, donor journeys, post-event follow-ups, and lapsed-donor re-engagement. First structured email program the organization ran.
- **Campaign Operations:** Standardized brief and review workflows across campaigns, achieving 100% on-time deployment.

The University of Texas at Dallas | Social Media Specialist | Jan 2024 – May 2024

- **Lead Generation:** Designed a Solar Selfie activation at the 2024 eclipse at Cotton Bowl Stadium, capturing 350+ qualified leads in 6 hours at \$0 design cost and feeding them into email pipelines.
- **Content & Scheduling:** Created copy and assets across Instagram, Facebook, email, and print; scheduled publication via Hootsuite and Airtable.
- **Brand Governance:** Reviewed all outgoing team content for brand alignment before publication.
- **Campus Campaigns:** Ran Valentine's Day and Periodic Table Day activations, driving 200+ participants and a 25% Instagram engagement increase.

Shiv Nadar University | Marketing & Communications Executive | Sep 2019 – Mar 2022

- **Content at Scale:** Produced 1,000+ creative assets across social, email, print, and digital for the career center and alumni relations office.
- **Retention Campaign:** Led the graduation engagement campaign for 800+ COVID-affected students: personalized boxes, keepsake booklets, virtual convocation. Generated 250+ organic shares and 50+ positive emails from students and families.
- **Social Growth:** Managed #ShineInQuarantine UGC initiative, pivoting to community storytelling during lockdown and achieving 30% growth in active social following.
- **Team Leadership:** Led intern and volunteer teams across content, design, and marketing, up to 30 people during peak convocation.

SELECTED PROJECTS

NovaStyle AI Marketing Intelligence System | Predictive Campaign Analytics

- Built a Python + Scikit-learn model on RFM and behavioral data to predict campaign response across 5 channels. Identified Instagram as the primary budget drain and recommended reallocation to Email and TikTok. Layered OpenAI API for plain-language stakeholder recommendations. 86% model accuracy.

Retention Audit, E-Commerce Platform (Chewy) | GA4 · Excel · Project

- Diagnosed a 31% YoY drop in Android traffic against 80% revenue growth, surfacing a retention risk masked by top-line performance. Recommended mobile UX investment over acquisition spend.

Longitudinal Audience Study, 398K Student Records | Python · SQL · Tableau · Project

- Unified 4 inconsistent yearly datasets into a 398,884-row table. Found mental health symptoms peaked post-COVID (2021-22), not during, surfacing a resource allocation gap in institutional support.

EDUCATION

M.S. in Marketing (STEM-Designated) | The University of Texas at Dallas | 2023-2025

B.S. (Research) in Mathematics | Shiv Nadar University | 2015-2019
